| Milestone #               | 4   | Planned Date | 06 February | Actual Date | 22 February |
|---------------------------|---|--------------|-------------|-------------|-------------|
| Milestone Description     | Create Styles.css   |              |             |             |             |
| Artifact description      | <p>Visual representations of user interactions with the system.</p> <p>Buttons – Two different color button styles are complete</p> <p>Header Bar- Header bar looks good</p> <p>Side Bar Nav - Side bar needs work</p> <p>Footer- Almost there</p> <p>Will be putting an overlay décor and adding images</p> <div></div> |              |             |             |             |
| Project Plan Implications | This is what I have done for the styles.css. Had some visualization issues with creating only the css without graphics + images. I started Milestone 5(gather images/graphics) without finishing Milestone  |              |             |             |             |
